Vendor Questions & Answers
March 25, 2026

1. What is the total bed count not just occupancy?
204
2. Does the facility have beds offline or units closed? Has a portion of the facility been closed, but relicensing has not occurred?
We do currently have a neighborhood that is unoccupied. This accounts for 41 of our total 204 licensed beds.
3. Will the team be E-Prescribing medications? If so, how many providers will be E- Prescribing?
Yes. Our providers would be E-Prescribing medications. Up to a total of 9-10 possible providers at this time.
4. Would Brewster Village need to connect to the state Immunization registry?
This would be highly preferred but not required.
5. Would Brewster Village need to connect to the state PDMP for medication history?
This would be preferred but not required.

Reference Revised Pricing Schedule dated March 25, 2026

Oracle Fusion was initially referenced as an optional integration. This will be a required integration. This could be accomplished through an application programming interface (API) capable of integrating with Oracle Fusion. The pricing schedules reflects this change.
