Re: Public Involvement Meeting
ID 4676-04-00/71
County N
County CE – County KK
Town of Buchanan

Outagamie County, in collaboration with the Town of Buchanan, have contracted with the Wisconsin Department of Transportation (WisDOT) and Westwood Professional Services for the design of improvements along County N between County CE and County KK. The purpose of the project is to enhance the safety and traffic capacity of County N by improving the roadway surface and pavement structure, improving the safety and traffic operations at intersections, and providing accommodations for pedestrians and bicyclists.

The proposed project will expand the highway to a 3-lane urban section, with a single through lane in each direction and a center turn lane to accommodate left turns at driveways and intersections, paved shoulders for bicycle accommodations, a 10-foot multi-modal path along the east side of County N and a 5-foot sidewalk along the west side of County N. The project is being funded under the WisDOT STP-Urban program through the Northeast Region Local Program.

The purpose of this letter is to inform you of an upcoming Public Involvement Meeting to discuss the proposed improvements. The meeting will be held at the **Town of Buchanan Town Hall, N178 County Rd N, on Thursday, February 3, 2022 from 4:30 pm to 6:00 pm**. The meeting will be an open-house format and consist of a brief formal presentation followed by a question and answer session.

The intent of this meeting is to explain the concepts and possible impacts of the proposed improvement. As a project stakeholder, your input and feedback is important to the design process. At the meeting, you will have the opportunity to review the conceptual designs and share your thoughts either on the comment form provided or with a project team member. Staff from Westwood, the Town of Buchanan, and Outagamie County will be present to provide information and answer your questions. The project is tentatively scheduled for construction in 2025.

If you have questions or would like additional information, please contact us by phone at 920-832-5673, email at highwayemail@outagamie.org, or provide written comments utilizing the enclosed pre-addressed form. Information will also be available on the project website: www.outagamie.org/CountyN.

Sincerely,

OUTAGAMIE COUNTY HIGHWAY DEPARTMENT
